Africa Climate Week and the Africa Climate Summit 2023 are just around the corner. From the 4th to the 8th of September, individuals, companies and institutions will be gathering in Nairobi to connect and discuss one pressing topic: CLIMATE CHANGE.

Persistent is Africa's Climate Venture Builder. For the last decade, we have been working hand in hand with exceptional entrepreneurs, investing both financial and human capital to build successful climate ventures on the continent.

To contribute to Africa Climate Week and the Africa Climate Summit, Persistent is hosting two events in Nairobi:

NETWORKING RECEPTION

The Networking Reception will bring together investors, industry partners and individuals from the climate sector for an evening of networking over drinks and canapés.

Persistent will use the opportunity to introduce you to our expanded investment strategy to address climate change. We are looking forward to seeing many of you and meeting new and old faces during an evening of drinks, enchanting music and engaging interactions.
